

HARDWICK

Kimball-Johnson Wedding Took Place Last Saturday.

George O. Kimball, a well-known Hardwick business man, and Mrs. Estelle C. Johnson, a resident here for the past 12 years or more, were united in marriage last Saturday evening, Nov. 8, at 8:30 o'clock by Rev. C. D. Hazleton at the Baptist parsonage on South Main street. A pleasant and enjoyable affair featured the culmination of this wedding occurred the following Monday evening at about 9:30 just outside the pretty home of Mr. and Mrs. Kimball, when about 50 neighbors and friends of Highland avenue and other parts of the village assembled under one of the windows of the house and made the wedding ring for several minutes with all kinds of discordant sounds, including a most melodious one of brush street, accompanied on an old-time accordion in the hands of a certain female resident of Highland avenue, which said music was inharmonious enough to wake the soundest sleepers. Mr. and Mrs. Kimball were unanimously agreed that it must be the terrible din or serenade was intended for them and after hustling into suitable wearing apparel both appeared at the front door to greet the multitude which had gathered there, bringing with them cakes and other good things to eat. During the following hour or more the revelers made merry with the newly married couple, who made them feel at home and during the festivities Eugene S. Smith, on behalf of the company present, welcomed Mr. and Mrs. Kimball into the Highland avenue community and presented them several handsome pieces of cut glass and silver. Mr. Kimball fittingly and feelingly responded to the remarks and thanked them all for their well wishes for their future happiness. Mrs. P. A. Worthen furnished music on the piano and all left for home in the best of spirits and with many well wishes to Mr. and Mrs. Kimball.

The proper officers have been laying low for some time past in an effort to locate the thief or gang of thieves who some time ago stole a large number of valuable hens from Peter Murray in the Alder brook district. Hens were also stolen at about the same time from Mrs. Addie Carr in the same section of the town. At about the same time some person or persons with a wagon or a car backed up to Frank Kidder's shed and very quietly carried away about 10 bushels of potatoes. Some time after these depredations Bert Cobb missed about 30 of the nicest egg-layers out of his garden that could be grown in the county. Last week Wade Benjamin, the stage driver, missed several gallons of new cider from the cellar of his house on Maple street. As to the first three robberies, there seem to be no clues to follow; but as to the theft of the cabbages a certain well-known citizen remarked in a lodge meeting a few evenings ago that he claimed there was no need of looking any further for the cabbage thieves, as it was done by the local sauer kraut trio, which is made up of P. A. Shattuck, W. E. Fraser and J. E. Apple, but this man's evidence is denied this allegation, even though the first mentioned person has made three barrels of sauer kraut this fall, and the second mentioned gentleman has made one, and that they have an enormous appetite for this favorite dish is reason to believe they took Bert's cabbages. As to Wade's cider, he has his suspicions, but is lying low until the proper time to lay his hands on the culprits, though he does not expect to see the cider again.

Fred Stratton, son of James Stratton and wife, a young man of about 21 years, underwent a long and painful operation at the local hospital Wednesday night, Dr. Wheeler operating, assisted by Drs. Carter and Ferris of this place. The young man's condition is quite serious but it is hoped his youth and his health will bring him along to recovery all right.

Frank Babbitt was admitted to the hospital for treatment the first of the week. The Princess Pat girls were not greeted with very satisfactory audiences last Tuesday and Wednesday evenings at the opera house, but deserved better crowds. They gave two good performances and no better costuming was ever seen in Hardwick. They left Thursday morning for Wolcott.

Carl Utton and Nellie Shattuck, both of Morrisville, were united in marriage at the Baptist parsonage by Rev. C. D. Hazleton last Wednesday afternoon, Nov. 12. Mr. Utton was a former resident here.

The Rebekah card party held last evening in L. O. O. F. hall was a well attended and much enjoyed affair. The vacant store in the Marshall brick block recently rented or leased by the Bailey Music Rooms, is being put in shape for occupancy.

C. H. Willmerson has moved into one of the Montgomery houses on Cottage street, which he recently purchased. Your correspondent understands that Frederick McAdams has bought Andrew J. Stewart's place at the west end and also purchased the express and trucking business of Mr. Stewart. Mr. and Mrs. Stewart will soon leave for Scotland for an extended visit and for the benefit of his health.

Mr. and Mrs. T. G. Ryan of Fletcher are guests for the winter at the home of Mrs. Emma Montague.

A. L. Beals, who recently sold his store in South Walden, is moving into what is known as the Michael house, near the library.

W. M. Williams has moved from his house on High street into what is known as the Rose Hunt house on West Church street.

Mr. and Mrs. James Gray and children arrived from Scotland a few days since. Mr. Gray was a former resident here and we gladly welcome them back to town.

Mrs. Sadie Rollins, who recently sold her house on North Main street, has moved into the tenement in the Fairman block recently vacated by Mrs. Niles.

Ernest Marshall has moved from the Rollins house on North Main street into the Mary Houston house on High street.

Miss Hattie Cross has gone to Athol, Mass., where she expects to find employment. No little excitement was caused in this village Thursday evening about 8 o'clock when it was learned that Will Houghton, a laborer, who lives in a tenement in the Hoyt house on Glen side, had attempted to commit suicide by shooting himself with a 25-caliber rifle. He committed the act in the barn but failed to hit his mark as he evidently intended, the bullet entering his body on the right side. He started for the house, a few feet distant, after the shooting, where he fell onto the floor. Doctors were summoned but his correspondent understands that the bullet has not yet been located.

Winter Storage FOR YOUR BATTERY

Dear Sir:

Have you given due consideration to the care of your battery for winter?

Batteries that have been in service even one season, if expected to serve another, should receive more consideration than simply being kept in a charged condition during the winter, when they are not in use.

Insulating material inside a battery, which is of wood and continually in contact with the acid, becomes dehydrated in a few months, and becomes practically worthless as an insulator. Consequently, if you will permit us to absorb the acid from the elements themselves, thus suspending all chemical action, and in the spring when you again expect service from the battery, replace these disintegrated wood insulators with a set especially suited to better withstand the effect of the acid, you will probably be saved the expense of a new battery before the season is over.

Without equipment, service is merely a good intention. You will find our Service Station the finest equipped, the best stocked, and our prices very moderate.

We would like to have you know about and use Vesta batteries with the plates kept apart, but until we have made every effort to make your old battery render you your money's worth, we will not be satisfied.

Yours truly,

H. F. Cutler & Son
